The Central American Commission for the Environment and Development (CCAD, for its initials in Spanish), within the framework of Integrated Ridge-to-Reef Management of the Mesoamerican Reef Ecoregion Project (MAR2R), together with MAR Fund through the Reef Rescue Initiative through the Reef Rescue Initiative have the pleasure to invite you to the Regional Strategic Workshop: **“Building Resilience and Addressing Risk in the Mesoamerican Reef”**.

The workshop’s main objective is to strengthen the governance of the Mesoamerican Reef, by coordinating different sectors and their agendas to achieve sustainable results that will contribute to the recovery and resilience of the MAR Region.

This activity will be held via Zoom on November 23rd and 24th, 2021, from 08:00 AM to 12:30 PM CST (Central America). The link to join the event and the agenda will be sent out shortly.

Your participation is very important. We will be sending out more information about the event, in the meantime we ask you to save the date and plan to join us!
